Dell™ OptiPlex™ GX620
Desktop Small Form Factor
with LCD Monitor and Bracket

**Multiply your Business.
Multiply your Profits.**

The Dell™ OptiPlex™ GX620 desktop comes with the powerful new Dual Core Processor Technology. The stunning combination of the Intel® 945G Chipset and the Intel® Pentium® D Processor lets you run multiple applications at once with enhanced speed and performance. As multitasking becomes easier, productivity will multiply. So will profits.

If you do not wish to receive future mailers, from Dell, please contact : Dell India Pvt Ltd, Divyasree Greens, Ground Floor, S.No. 12/1, 12/2A, 13/1A, Ghallaghatta Village, Varthur Hobli, Bangalore South, Bangalore - 560 071, Tel: 91-80-25357311, Fax: 91-80-25357314. Please include the ID number that appears on the address label in your communication.

****Sales taxes or value added tax, local taxes and any other applicable levies are additional. By Delivery only. Delivery charges are additional depending on product type :** Inspiron (Rs.999), OptiPlex (Rs.1,487), Latitude (Rs.1,464), PowerEdge (Rs.2,364), PowerVault (Rs. 2,364), PowerConnect (Rs. 2,364) Dell Precision Workstation (Rs.1,956),

1 For hard drives, GB means one billion bytes, actual capacity varies with preloaded material and operating environment and will be less. **2** Technician, replacement part or unit (depending on service contract) will be dispatched if necessary following phone-based troubleshooting. Subject to parts availability, geographical restrictions (on site and/or next business day service not available in some locations) and terms of service contract. Service timing dependent upon time of day call placed to Dell. Defective unit must be returned or paid for. Replacements may be refurbished. For Dell projectors, bulbs have a 90 day limited warranty. **3** The DVD region code can be changed up to 5 times and will then be locked so that it plays only DVD movies from the final region code selected. **4** Between 32MB & 224MB of system memory will be allocated to support graphics, depending on the system memory size and other factors. **5** Discs burned with this drive may not be compatible with some existing drives and players; using DVD media with +RW/+R drive provides maximum compatability;R=capability to burn disc once;RW=capability to burn disc multiple times. Special media/disc required, and third party software may also be required for certain applications. **6** Weight shown is for base system only. Weights vary depending on configuration and manufacturing variability. **7** The term does not connote an actual operating speed of 1Gb/sec. For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.

System performance measured by MobileMark® 2002. System performance, battery life, wireless performance and functionality will vary depending on your specific hardware and software configurations.

Why do I need a Workstation?

Ultimate performance
Dell Precision™ Workstations are our highest-performing desktops, offering excellent scalability, advanced graphics, dual-processor capability, RAID support, dual-monitor capabilities, and more on select models.

Advanced graphics
Dell Precision™ Workstations are available with a wide range of advanced PCI Express™ 2D and 3D graphics cards - including high-performance, OpenGL-certified graphics cards.

ISV certified

Dell Precision™ Workstations are certified by Independent Software Vendors (ISVs) to run their specialized applications. That includes rigorous graphics driver testing to ensure peak performance. The Dell Precision™ M70 Mobile workstation gives you the performance of a workstation with the freedom to be on the move.

 • Upgrade to 4GB DDR2 ECC 400MHz 1R Memory for only Rs. 30,905/-

All offers valid till 26th September 2005. See page 8 for important details.

UPGRADE TO SAME BUSINESS DAY 4 HOUR RESPONSE

To support today's complex business needs, we offer a portfolio of aggressively priced Same Day 4-hour Response Support Services for customers using their Dell™ systems for time-bound operations or critical business functions. Technology is a significant investment and it pays to protect your IT systems from costly downtime.

For our 4-Hour On-Site Response² service, a Dell-trained technician will arrive on-site, depending on your location, within 4 hours after problem determination to help get your system back in operation as rapidly as possible.

INTEL® XEON™

The Intel® Xeon™ Processor is designed for dual-processor server platforms. Intel® Xeon™ processor-based systems offer outstanding platform dependability, value and versatility required for front-end and small business servers, as well as price-driven HPC.

Why do I need storage?

Protect your data today. Scale for the future.

Your data is crucial to the success of your business - which is why it's crucial that you keep it protected. Dell™ offers a wide variety of storage solutions that include simple tape backup, Direct Attach SCSI Storage (DAS) hard-drive arrays, Network Attached Storage (NAS), and Storage Area Network (SAN) solutions. No matter what your level of need, Dell™ offers a reliable storage solution with the expandability to grow with your needs.

Dell™ PowerVault™ 114T

Great for Data Back-Up when using Rack Dense Servers

The Dell™ PowerVault™ 114T rackable subsystem is a convenient 2U tape rack enclosure. It offers superior capacity in a 2U form factor and can be configured with one or two DAT72, DLT VS160, SDLT 320, or LTO-2 tape drives.

- 2U Rack-mount (DAT72)
- PowerVault™ 114T Installation
- 3-Year Limited Warranty (with 3-Year Next Business Day On-Site Service²)

From Rs. **84,900****

E-value code: M420933-61A

Dell™ PowerVault™ 745N Network Attached Storage
Incremental Storage and Backup

Get instant storage expansion and accelerate your application server by offloading the file services onto the PV725N. You are able to share files across mixed clients (Unix, Windows, Novell and Macintosh) with unlimited client access license and low maintenance.

- 3-year Limited Warranty (with 3-Year Next Business Day On-Site Service²)
- Lifetime Telephone Technical Support

From Rs. **1,11,900****

E-value code: M420935-61A

New PowerConnect™ Switches from Dell™ : Powerful, reliable connectivity for less.

PowerConnect™ 2708

From Rs. **5,900****

E-value code: M420910

Why do I need a switch? Control network traffic. Affordably and effectively.

Switches connect client systems and servers together to create a client-server network. Dell's PowerConnect™ switches make it affordable, by leveraging the efficiencies of our direct business model to offer you industry-standard technology at incredibly low prices. With a full range of reliable network switches, including unmanaged, plug-and-play switches as well as Fast Ethernet and Gigabit Ethernet³, Dell™ has the right switch to meet your business needs and your budget.

All offers valid till 26th September 2005. See page 8 for important details.
